

Sonora Certified Farmers' Market Rules and Regulations February, 2018

SONORA FARMERS' MARKET:

The Sonora Farmers' Market (Market) is a Certified Farmers' Market and is operated by the City of Sonora in accordance with regulations established in the California Code of Regulations, Title 3 on Direct Marketing. The Market has been certified by the Tuolumne County Agricultural Commissioner as a direct marketing outlet for producers of Certified and Non-Certifiable Agricultural Products. These producers may sell their agricultural products directly to consumers without meeting the usual size, standard pack and container requirements for such products except in the case of eggs and prepackaged items.

All produce must meet minimum quality standards, as specified by Federal and State Regulations. The sale of alcohol or alcoholic products and pharmaceutical or medicinal products is not allowed at the Market. Open flame devices are not allowed in the Market area.

The Environmental Health Division requires the name of the Facility, City, State, Zip Code, and name of the Operator shall be legible and clearly visible to patrons for all Agricultural Sellers and Food Purveyors. The facility name shall be in letters at least three inches high, and shall be of a color contrasting with the surface on which it is posted. Letters and numbers for the City, State, and Zip Code may not be less than one inch in height.

The 2018 Farmers' Market will be open to customers at 7:30 a.m. and close at 11:30 a.m. on Saturdays, from May 19th through October 20th. Vendors must not sell to the Public after 11:30 a.m.

If a vendor continues to sell after 11:30 a.m., they may not be allowed to sell at the Market on their next scheduled Market Day.

The Market will be held at the parking lot located at Theall and Stewart Streets in Downtown Sonora. The Market area will not be opened to vendors until 5:30 a.m. for set up of any kind.

To sell on the first Market Day, the Market Application must be submitted to the City of Sonora prior to April 20, 2018. Continuing Vendors, which may want to start the Market later in the season, must still send in their applications prior to April 20th to hold their stall space, no exceptions. Allow a minimum of two weeks for processing time for the City of Sonora and an additional two weeks for the Environmental Health Division for Food Purveyors.

MANAGEMENT:

The Sonora's Certified Farmers' Market is managed, operated and controlled by the City of Sonora's Community Development Department. A Market Supervisor, reporting to the Department, will work with the vendors, collect fees and oversee each Market Day.

The Community Development Director, Market Supervisor and all other designated agents shall implement and enforce all rules and regulations pertaining to the operation of the Market in a fair and equitable manner.

The Market Supervisor, or other designated agent, has the authority to ask that produce not meeting minimum quality standards be removed on any given Market Day. Producers whose products do not meet minimum quality standards are subject to Market suspension upon re-occurrence.

All Market concerns are to be presented to the Market Supervisor.

Any approved seller or applicant aggrieved by the action of the Market Supervisor can appeal to the City's Community Development Director whose decision will be final.

A. AGRICULTURAL SELLERS:

1. CERTIFIED AGRICULTURAL PRODUCTS:

Certified Agricultural Products: A Certified Producer is a producer authorized by their Origin County or Counties to sell Certifiable Raw Agricultural Products, produced upon land which the Certified Producer controls, directly to consumers at the Sonora Certified Farmers' Market.

All Certified Producers must provide the Tuolumne County Agricultural Commissioner and the City of Sonora with a copy of their Valid Certified

Producers Certificate signifying that the Origin County has authorized sales in Tuolumne County.

The Certified Producer's Certificate shall be valid through the entire 2018 season. If a Certified Producer's Certificate is updated during the 2018 season, then the Certified Producer must file the amended Certificate with both the Tuolumne County Agricultural Commissioner and the City of Sonora. Selling without a valid Certified Producer's Certificate will result in immediate expulsion from the Sonora Certified Farmers' Market.

All Certified Producers are subject to these Market Rules and Regulations and to all pertinent Local, State and Federal Regulations and Laws. For further information on becoming a Certified Producer call The Tuolumne County Agricultural Commissioner's Office at (209) 533-5691.

All vendors of agricultural products selling within a certified farmers' market shall do all of the following:

- (1) **Post a conspicuous sign or banner at the point of sale that states the name of the farm or ranch, the county where the farm or ranch maintains the production grounds that produces the products being offered for sale is located, and a statement that "We Grow What We Sell" or "We Raised What We Are Selling" or "We Grow What We Are Selling" or similar phrases that clearly represent that the farm or ranch is only selling agricultural products that they themselves have grown or raised on California land that they possess or control.**
- (2) Product sales by different farms at the same vendor stand shall separate the products from each farm or ranch and correspondingly post the required sign or banner in direct relationship with the sales display of the products by each farm.

Nursery Stock: includes seed packets, bedding plants and cut flowers. These will require a Nursery License from the California Department of Food and Agriculture. A fee-exempt Nursery License is only valid in the County of Origin. To obtain more information about this requirement, including any exemptions, contact the County Agricultural Commissioner in your County.

2. CERTIFIED PROCESSED AGRICULTURAL PRODUCTS:

Certified Processed Agricultural Products: are Certified Agricultural Products, produced by a Certified Producer, that have limited ingredients, flavorings or additives which act as preservatives, and that do not change the integrity of the product.

Under this category, all processing of the products must be done in a kitchen permitted by the local Environmental Health or the California Department of Public Health (CDPH). Vendors in this category will have to submit their Product Liability Insurance and a copy of the kitchen permit or a copy of the approved Cottage Food Operation Permit or registration as required by the Tuolumne County Resource Agency Environmental Health Division.

3. NON-CERTIFIED AGRICULTURAL PRODUCTS:

Non-Certified Agricultural Products: are products that have been processed, including products from any tree, vine, or plant, any horticulture (including floriculture); vermiculture; apiary products; poultry and poultry products; livestock (including rabbits) and livestock products; fish and shell fish produced in controlled waters or ponds. Sellers in this category are those who have grown, bred, raised, or cultivated the products in fresh or processed form. They have also obtained a Certified Producer's Certificate from the County Agricultural Commissioner for the fresh product from which the processed product was derived.

7. DISCIPLINE OR REMOVAL OF AN APPROVED SELLER:

All Market Sellers must abide by the Market Rules and Regulations, as well as Local, State and Federal Regulations and Laws. If violations occur, a Seller may be removed or suspended from the Market or have selling privileges at the Market conditioned, modified, limited or terminated by the Market Supervisor and/or the Community Development Director.

If the Market Supervisor determines that an immediate removal of a Seller during the Market is necessary to preserve the health, safety or welfare of the Market customers, other Market Sellers, Market Staff or the public, Seller may be suspended that Market day.

The Market Supervisor will determine if Seller will be allowed back into the Market. If suspension is necessary, it will be effective immediately.

The Tuolumne County Agricultural Commissioner shall be notified by the Community Development Department if a Seller is selling products not listed on their Certified Producers Certificate, using a scale that is not sealed as a commercial device, selling produce that is below standards or using the term organic when they are not registered as such.

The Market Supervisor may issue a Verbal or Written Warning or may issue a Notice of Proposed Suspension or Expulsion. Included within such notice will be a description of the Seller's violation(s). The Seller may respond in writing to the Market Supervisor and/or the Community Development Director regarding the claimed violations within 30 days of the notice's mailing date.

After suspension or expulsion from the Market, re-entry into the Market may be attempted through a written appeal to the Community Development Director whose decision is final.
